Christmas is Coming!

Our Reception classes have enjoyed reading *Stickman* by Julia Donaldson. Following discussions about the book, the children have written their wish to Father Christmas for this year. This week they walked to the post box to post their letters. They are hoping for a reply soon. ...

This week we have been reading the story, *Stickman*. We have looked at how Stickman became lost and lonely! Despite his loneliness, he was able to help others by saving Father Christmas and delivering all of the presents. Stickmans only wish was to be with his family. Father Christmas was the one to make his wish come true! 😊

We have been thinking of what our wish would be. We wrote them down on our letter to Father Christmas. We were very excited to be able to go to the local post box and post them ourselves. 📮

Winter Wonders

The children in Nursery have been learning about the Arctic and Antarctica this week. They have discovered where it is, which animals live there and are thinking about the clothing they would need if we were to travel there. Next week, they are continuing their Winter theme with the Nick Butterworth story of One Snowy Night.

Christmas at Kew Woods

As we move into December, we have a range of exciting activities and events planned for the children at Kew Woods. Unfortunately, due to Department for Education guidelines and the priority of keeping the children safe, we are unable to invite parents into school to share these special events.

However, we are planning to record a range of events including our Reception Nativity and the Carol Concert. Later in the term we will share the recordings via Goggle Classrooms. We would ask parents to enjoy watching these events with their child and their families. However, we request that you do not share them on social media as other children will be included. We thank you for your co-operation with this. If you would prefer your child not to be recorded or take part in the Christmas activities, please inform the School Office or class teacher.

Happy Birthday!

This week we started the first of our birthday celebrations. We celebrated all of the children who have had a birthday since we came back to school and up to the end of November. The children had a fun afternoon with games and enjoyed some treats together. We will be holding birthday parties for the children each month until the end of the school year.
